

Firm & Strategy Overview

Strategy Inception	February 2018
Strategy Assets	\$18.4M
Category	Large Cap Growth
Benchmark	R1000G S&P500 50/50
Target Turnover	25-50%
Number of Holdings	33

Key Investment Tenets

Profitability

- Consistent Free Cash Flow Generation
- Effective Cost Management & Operational Efficiency

Valuation

- Prudent use of debt and leverage
- Demonstrated value creation as measured by returns on invested capital

Growth

- Steady growth in dividend distributions and repurchases
- Reinvestment of free cash flow to support innovation and product development

Economic Moat

- Unique competitive advantages, strong brand recognition, and demonstrated pricing power
- High barriers to entry protecting market position

Characteristics

GICS Sector Allocation

Absolute Opportunity+ Composite: Seeks to achieve long-term capital appreciation. The investment portfolio invests opportunistically and selects companies with compelling upside potential, pricing inefficiencies, and/or event driven opportunities. Key risks include the general risks of common stock, fixed income, and preferred stock investments and specific risks due to the concentration of the portfolio within specific securities and sectors. Additional risks include that security prices may decline, and the strategy may experience loss of principal. The Absolute Opportunity+ composite is compared against a custom blended benchmark comprised of 50% S&P 500 Index & 50% Russell 1000 Growth Index. The custom benchmark is calculated by weighting the respective index returns on a daily basis. The Absolute Opportunity+ composite has a minimum of \$25,000. The Absolute Opportunity+ composite was created in January 2018 and inception on January 31, 2018.

Benchmarks:

Russell 1000 Growth Index - The Russell 1000 Growth Index is an index of approximately 1,000 of the largest companies in the U.S. that show growth properties.

S&P 500 Index - The S&P 500 Index is a market-capitalization-weighted index of the 500 largest U.S. publicly traded companies.

Year End	Total Firm Assets (USD) (Millions)	Composite Assets (USD) (Thousands)	Number of Portfolios	Composite Returns Gross	Composite Returns Net	Custom Blended Benchmark Returns	Composite Dispersion	Composite 3-Yr Std Dev	Custom Blended Benchmark 3-Yr Std Dev

NA¹ - Composite dispersion is not presented for periods with five or fewer portfolios in the composite for the entire year.

NA² - The three-year annualized standard deviation is not presented for periods before 36 consecutive months of data is available.

* Performance is for a partial period from February 1, 2018 to December 31, 2018.

Period - As of 12/31/2024	Gross Returns	Net Returns	Custom Blended Benchmark Returns
1-Year	28.64%	27.36%	29.17%
5-Year	16.21%	15.06%	16.77%
Since-Inception	13.95%	12.82%	15.15%

* Since-inception performance is calculated for the period beginning February 1, 2018.

* Performance is annualized for periods greater than 1 year.

Little House Capital, LLC ("Little House") is a registered investment adviser with United States Securities and Exchange Commission in accordance with the Investment Advisers Act of 1940. The firm's full list of composite descriptions is available upon request. Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Past performance is not indicative of future results. Returns include the reinvestment of all income. The currency used to express performance is USD. Gross-of-fee returns are reduced by trading costs. Net-of-fee returns are calculated using a model fee of 1%. The model fee was calculated by reducing the gross returns by the highest tier of the current composite fee schedule. Composite dispersion is measured by the asset-weighted standard deviation of annual gross returns of those portfolios included in the composite for the full year. The 3-year annualized standard deviation measures the variability of the composite gross returns and benchmark returns over the preceding 36-month period. Policies for valuing investments, calculating performance, and preparing GIPS Reports are available upon request. The investment management fee schedule for the composite is tiered at: 1.00% on the first \$1,000,000, 0.90% on the next \$1,000,000, 0.80% on the next \$3,000,000, and 0.70% on assets over \$5,000,000.
